

St Mary's Festival

Saturday 12th and Sunday 13th September

Patron Saints and Patronal Festivals

Many churches are named after a 'patron saint' – either a person from the Bible or from the history of the church. Patron saints give their name to the church and serve as an example of faith. Our patron saint is Mary, the mother of Jesus. The birth of Saint Mary is traditionally celebrated on 8th September. That's why we mark our Patronal Festival on the second Sunday in September. It is a wonderful opportunity to celebrate the life of this church.

This year St Mary's Festival will be operating under particular restrictions due to the COVID-19 pandemic.

However:

We are making plans for activities both in and around St Mary's Church and online. We will celebrate!

It may be necessary to adjust some of our activities if government regulations change. Please check at www.denhamparish.church/festival for the latest update.
